To Whom it May Concern:

Re: WorkForce Employment Agency

It is with great pleasure that I write this letter of recommendation for WorkForce. St. Patrick Hospital – Human Resources has been associated with the Agency since August of 1998. They provide temporary and temp to hire staff for us.

They are extremely responsive in meeting our needs in a very timely manner. The quality and skill level of the individuals provided is very high.

The staff of WorkForce is always professional and service oriented.

We look forward to continuing this successful relationship.

Sincerely,

A handwritten signature in cursive script that reads 'Kerry Schultz'.
